# QUALITY, HEALTH, SAFETY & ENVIRONMENT POLICY

---

ReNew, including its subsidiaries, is committed to continually improving the Quality, Health & Safety and Environmental performance in its operations, in line with the company's vision "To Build the Best Organization in the World".

## **This shall be achieved by:**

- Prioritizing and committing adequate resources to design Best-in-Class Quality, Health & Safety and Environment management system, that ensures safe and healthy work environment for everyone working for ReNew and its subsidiaries which include manufacturing facilities, construction projects and operation & maintenance services.
- Collaborating with all internal and external stakeholders for attaining and continually improving Quality, Health & Safety and Environmental performance for sustainable development.
- Complying with the requirements of applicable statutes, regulations and expectations of customers, lenders and other stakeholders.
- Ensuring due diligence of each asset, project and manufacturing activity with respect to Quality, Health & Safety and Environment and social aspects with a focus on optimizing returns for all stakeholders.
- Attaining and maintaining the highest standards of Quality, Health & Safety and Environment in selection, designing, procurement, Manufacturing activities, Construction projects and Operations & Maintenance of the renewable assets throughout their lifecycle.
- Adhering to the commitment to protect the environment by minimizing the adverse impact of the company's operations on the environment and society at a large while contributing towards the Sustainable Development Goals.
