Industry leaders pay tribute to Rahul Bajaj

New Delhi: Industry leaders on Saturday paid rich tributes to noted industrialist Rahul Bajaj (83) who passed away due to illness at his home in Pune.

Taking to Twitter, Mahindra Group Chairman Anand Mahindra stated: "I stand on the shoulders of giants. Thank you, Rahulbhai, for letting me clamber up onto your broad shoulders, advising me, cheering me on, encouraging me to be bold. Your footprints on the sands of Indian Business will never be extinguished"

Taking to Twitter, Mahindra Group Chairman Anand Mahindra stated: "I stand on the shoulders of giants. Thank you, Rahulbhai, for letting me clamber up onto your broad shoulders, advising me, cheering me on, encouraging me to be bold. Your footprints on the sands of Indian Business will never be extinguished"

Chairman Venu Srinivasan stated that Bajaj strode across the Indian industrial landscape like a colossus.

"He was among the few stars who created the Indian automotive industry. He was a pioneer who established a culture of quality and technology. He stood for high integrity in business and stuck to his principles. Rahul played a key role in industry bodies around the world like World Economic Forum and CII and was very well respected. He will be sorely missed," he stated.

Expressing similar feelings, Raymond Chairman and Managing Director Gautam Hari Singhania stated that the passing away of Rahul Bajaj, the patriarch of the Bajaj Group, one of the largest diversified groups of India, is a terrible loss to the corporate world. "The doyen of the Indian business world will be missed for his intellectual honesty and straightforwardness. His contribution to the auto industry and steering the group during the license raj days will always be remembered. In immeasurable manner he has contributed to the growth of Maharashtra and the country. On behalf of the Raymond Group I offer my sincere condolences to the Bajaj family," he said in a statement. **PTI**

Country has lost one of its tallest industry leaders: CII on Bajaj's demise

New Delhi: The Confederation of Indian Industry (CII) mourned the passing away of eminent industrialist Rahul Bajaj on Saturday, describing him as a "towering leader" and said the country has lost one of its tallest industry leaders.

Bajaj held the position of CII President twice between 1979/80 and 1999/2000.

"Rahul Bajaj was a towering leader for Indian industry and his sad demise leaves a huge void in our business ecosystem and India has lost one of its tallest leaders in industry," said T V Narendran, President, CII.

Eminent industrialist and former chairman of the Bajaj Group, Rahul Bajaj passed away on Saturday due to illness at his home in Pune, according to a group official.

Bajaj (83), who stood down from his position of non-executive director and chairman of Bajaj Auto on April 30 last year and remained as the Chairman Emeritus, was not keeping well for some time and passed away at around 2:30 pm on Saturday.

"His (Bajaj's) ideas and philosophies shaped the contours of Indian businesses especially for the past four decades," Narendran said. The CII President highlighted that under Bajaj's stewardship,

the first codification of corporate governance norms in the country happened way back in 1998, well before any regulation or law came into being in this important space.

Narendran further said Bajaj spoke for globalization and was a strong and influential proponent for connecting Indian businesses globally.

"The initiatives he (Bajaj) took to take his company global were an inspiration for all entrepreneurs and he built the India brand in his own way," the CII President said, and added that his demise is a deep loss to Indian industry as he was "our mentor, guide and lodestone in doing business."

"I am sure that the ideas that he propounded for good corporate citizenship will stand as a role model and paradigm for industry to continue to follow in his steps," Narendran said.

Bajaj is survived by two sons, Rajiv Bajaj and Sanjiv Bajaj, and a daughter Sunaina Kejriwal.

Born on June 10, 1938, he headed the Bajaj Group of companies which have presence across segments such as automobiles, general and life insurance, investment and consumer finance, home appliances, electric lamps, wind energy, special alloy and stainless steel, material handling equipment and travel. **PTI**

FM condoles death of veteran industrialist

New Delhi: Finance Minister Nirmala Sitharaman condoled the death of veteran industrialist Rahul Bajaj, who put Indian industry on the world map.

"A stalwart of Indian industry passes away. Shri. #RahulBajaj was passionate about his work. He spoke for the entire industry and mentored many budding entrepreneurs. Condolences to his family and friends," the Finance Minister said in a tweet.

Bajaj (83) died on Saturday due to age-related illness. He was not

keeping well for some time. Born on June 10, 1938, he headed the Bajaj group of companies which have presence across segments such as automobiles, general and life insurance, investment and consumer finance, home appliances, electric lamps, wind energy, special alloy and stainless steel, material handling equipment and travel. Under his stewardship, flagship firm Bajaj Auto saw its turnover growing to Rs 12,000 crore from just Rs 7.2 crore with the firm's scooters becoming the mainstay. **PTI**

India-US goods trade up 45 pc to USD 113 bn in 2021

New Delhi: The bilateral trade between India and the US rose by 45 per cent to USD 113 billion in 2021 compared to USD 78 billion in the previous year.

Both the countries have made a commitment to facilitate actions necessary for increasing the bilateral trade to USD 500 billion. "India-US goods trade sets a new record! Goods trade witnessed a 45 per cent jump in 2021 from 2020 to reach a historic high of USD 113 billion," Commerce and Industry Minister Piyush Goyal said in a tweet. **PTI**

42 coal mines auctioned till date for commercial mining: Govt

New Delhi: The Government on Saturday said that a total of 42 coal blocks have been auctioned till date for commercial mining. Of the said blocks, 10 coal mines were auctioned this week under the third tranche, the coal ministry said in a statement.

"Under the commercial coal mining auction process, a total of 42 coal mines, including... Mines auctioned in tranche-3, have been successfully auctioned till date with a total cumulative PRC (peak rate capacity) of 86.404 million tonnes per annum (MTPA)," the statement said.

The 10 blocks sold this week are projected to generate an annual revenue of Rs 2,858.20 crore, the ministry said. The "annual revenue projected (is) based on the PRC (peak rate capacity) of mine", the ministry

said. On the first day of the auction, five blocks were sold. Dalmia Cement Bharat Ltd had emerged as the highest bidder for two coal blocks in Jharkhand.

While Mahanadi Mines and Minerals emerged as the highest bidder for a coal block in Odisha, Yazdani Steel And Power was the highest bidder for another coal mine in the eastern state, the coal ministry had said in a statement on Tuesday. Assam Mineral Development Corp Ltd was the highest bidder for a mine in Assam.

On the second and the third days of auction, Jindal Steel and Power bagged Utkal-C coal mine in Odisha while Hindalco Industries made the highest bid for Meeanakshi mine in the eastern state. **PTI**

Labour Ministry expands ESIC health check-up pilot to 15 cities

New Delhi: Union Labour Minister Bhupender Yadav on Saturday announced the expansion of the pilot scheme of annual preventive health check-up programme for ESIC members aged above 40 years to 15 cities from the existing five.

In December, 2021, Yadav had launched the annual preventive health check-up programme for Employees' State Insurance Corporation's (ESIC) insured members aged above 40 years in pilot mode at ESIC hospitals in Ahmedabad, Faridabad, Hyderabad, Varanasi and Kolkata.

Addressing at 187th meeting of the ESIC, Yadav said, "In last (ESIC) meeting, we have approved the proposal that we will launch a pilot scheme for free medical check of insured persons of the age of 40 and above in five hospitals in Hyderabad, Faridabad, Varanasi and Kolkata. He informed that now the ESIC in its meeting has approved second phase of pilot and expanded it to total 15 cities. Under this pilot, factories/MSME clusters will be considered as a unit and ESIC will coordinate with them for the preventive health check-ups of the workers, he added.

It is objective of the 'Fit India' movement that all should be healthy in the country, the minister stated. However, the name of the 10 cities to be added to the pilot would be announced later. He urged the industrial associations and trade unions to come together for facilitating free medical check of MSMEs together (in one bunch) in their area where workers number in each unit is 10 or 15. He also informed that the ESIC has approved the proposal to conduct cleanliness drive and organise Yoga camps for one week ahead of Yoga Day on June 21.

Yadav also announced that vacancies for appointing 5,000 doctors at ESIC hospitals will be filled in this calendar year expeditiously. He also said that it was felt in the ESIC meeting that there is a huge dearth of doctors and staff at the ESIC hospitals. Noting the disparity in scales of medical professionals and others personnel between ESIC and ESIS (ESIC hospitals run by states) to be bridged, he stated that remuneration of the doctors and staff to be revised.

He also talked about ESIC and ESIS to digitize health record of all insured persons to, integrate its data with Ayushman Bharat Digital Mission for boosting telemedicine services through e-Sanjivani portal.

Yadav further informed that pending projects of the ESIC will be expedited as well as construction work of the hospitals of the ESIC as well as doctors and staff availability will be taken care off and called on the doctors to join the ESIC hospitals serving the poor and assured that remuneration of the doctors and staff would be revised by the ESIC corporation. **PTI**

Reliance aims to be world's largest blue hydrogen maker

New Delhi: Billionaire Mukesh Ambani's Reliance Industries Ltd is targeting to become one of the largest producers of blue hydrogen globally, producing the zero-emission fuel at costs that will be half of the global average.

The operator of the world's largest oil refining complex will repurpose a Rs 30,000 crore plant that currently converts petroleum coke into synthesis gas to produce blue hydrogen for USD 1.2-1.5 a kilogram, Reliance said in a presentation detailing the separation plan.

Hydrogen is the cleanest form of known fuel. Depending on production methods, hydrogen can be grey, blue or green. Grey hydrogen is the most common form and is generated from natural gas, or methane, through a process called 'steam reforming'. Hydrogen is labelled blue whenever the carbon generated from steam reforming is captured and stored. Blue hydrogen is, therefore, sometimes referred to as carbon neutral as the emissions are not dispersed in the atmosphere.

Green hydrogen - also referred to as 'clean hydrogen' - is produced by using clean energy from renewable energy sources, such as solar or wind power, to split water into two hydrogen atoms and one oxygen atom through a process called electrolysis.

Reliance, which has set a net-zero carbon emission target for its businesses by 2035, is looking at blue hydrogen in the interim period to reduction in cost of green hydrogen.

"In the interim, till cost of green hydrogen comes down, RIL can be the first mover to establish a hydrogen ecosystem, with minimal incremental investment, in India," Reliance Industries Ltd (RIL) said in the presentation.

Syngas has potential to produce hydrogen at a competitive cost of USD 1.2-1.5 per kg, it said. Green hydrogen produced with renewable resources costs between USD 3-6.55 per kg, according to the European Commission's July 2020 hydrogen strategy. Fossil-based hydrogen costs about USD 1.80, and the commission estimated the cost of blue hydrogen at about USD 2.40-3 per kg.

Ambani had previously stated that his group is aiming to produce green hydrogen at USD 1 per kilogram by the turn of this decade. Last month, he announced plans to invest about USD 75 billion in renewables infrastructure.

Reliance said RIL's framework for reducing carbon footprint includes migration from fossil energy to renewables, maximizing sustainable materials and chemicals as part of portfolio, and carbon fixation, capture and utilisation. **PTI**

Debashis Mitra takes over as ICAI President; Aniket Sunil Talati becomes VP

New Delhi: Institute of Chartered Accountants of India (ICAI) on Saturday said Debashis Mitra has been elected as its President for the 2022-23 term.

Aniket Sunil Talati has been elected as Vice President of the institute, which has more than 3.40 lakh members and over 7 lakh students, according to a release. They took charge on Saturday. Mitra, who is serving his third term in ICAI Council, has been in the accounting profession for more than 34 years. Apart from being a Chartered Accountant, he is also a Cost Accountant and a Company Secretary. **PTI**

1. For the other line items referred in Regulation 52 (4) of the SEBI (LODR) Regulations, 2015, the pertinent disclosures have been made to the National Stock Exchange of India Limited and can be accessed on the URL (https://www.nseindia.com).		
2. The statement has been prepared in accordance with recognition and measurement principles laid down in accordance with the Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34") as prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant rules issued thereunder and other recognized accounting practices and policies.		
3. The company is in the business of development and operation of Solar power. There is only one segment (business and/or geographical) in accordance with the requirements of IND AS - 108 "Operating Segments".		
4. The financial results for the quarter and nine months ended December 31, 2021 along with comparative period have been approved by the Board of Directors in their meeting held on 12th February, 2022.		
5. Credit Ratings has assigned long term issuer rating and rating for the outstanding non-convertible debentures of the Company to "CRISIL A" with watch positive outlook.		
6. Previous period figures have been re-grouped / re-classified wherever necessary, to conform to current period's classification in order to comply with the requirements of the amended Schedule III to the Companies Act, 2013 effective from 1 April 2021.		
7. Due to outbreak of COVID-19 in India, the Company has continued its assessment of likely adverse impact on economic environment in general and financial risks on account of COVID-19. Considering that the Company is in the business of generation of electricity which is an essential service as emphasized by the Ministry of Home Affairs and Ministry of Power, Government of India and which is granted "Must Run" status by Ministry of New and Renewable Energy (MNRE), the management believes that the impact of outbreak on the business and financial position of the Company is not significant. Further, MNRE directed that the payment to Renewable Energy power generator shall be done on regular basis as being done prior to lockdown and the Company has generally received regular collection from its customer. The management does not see any risks in the Company ability to continue as a going concern and has been able to service all debts obligations during the year. The Company is closely monitoring developments, its operations, liquidity and capital resources and is actively working to minimise the impact of the unprecedented situation.		
8. The financial information for the corresponding quarter ended December 31, 2020 have not been furnished by the Company pursuant to the relaxation provided in the SEBI Circular SEBI/HO/DDHS/CIR/2021/0000000637 dated October 5, 2021.		
9. The above is an extract of the detailed format of quarterly and nine monthly financial results filed with the Stock Exchanges under Regulation 52 of the SEBI (LODR) Regulations, 2015. The full format of the quarterly/nine monthly financial results are available on the websites of the National Stock Exchange of India Limited at https://www.nseindia.com and the website of the Company at https://renewpower.in/renew-sun-waves/.

6. India Ratings and Care Ratings has assigned long term issuer rating and rating for the outstanding non-convertible debentures of the Company to "IND AA (CE)" with negative outlook and "CARE AA (CE)" with negative outlook, respectively.		
7. During the year ended March 2021, as a part of its annual exercise of review of estimates, the Company conducted an operational efficiency review of its wind plants. The Company engaged with an expert for the review of useful life, salvage value and estimate for decommissioning liability. Basis the study, the expected useful life of wind power plants has been revised from 25 years to 30 years with a residual value of 5% at the end of useful life. Further, though there are no contractual obligation, the Company has considered a constructive obligation, being a green energy company with its commitment towards environment, and provided for decommissioning costs expected to be incurred at the end of respective useful life of plants. These changes were considered as change in estimate as per Ind AS 8 (Accounting Policies, Changes in Accounting Estimates and Errors) and were accounted for prospectively with effect from 1st October 2020. Hence, current period numbers are not comparable with that of previous year.		
8. Previous period figures have been re-grouped / re-classified wherever necessary, to conform to current period's classification in order to comply with the requirements of the amended Schedule III to the Companies Act, 2013 effective from 1 April 2021.
